Description:

All aboard is a narrative murder mystery game with a time loop element.

It is designed to be replayed multiple times, with branching dialogue to make each playthrough unique, interesting characters to interact with, and a variety of secrets to uncover.

Whether you want to spend 5 minutes and play through once, or commit a whole evening to unravelling all of the twists and turns, All Aboard is the perfect escapism to relax at the end of a tiring day.

Company Information:

Friendshaped is a two person team consisting of Alex Pritchard (he/they) and Josie Wood (they/she). We are two students currently studying Computing & Games Development at University of Plymouth. Having worked together for many other projects and game jams previously, we came together under the name friendshaped for our industry engagement module in our final year.

We aim to create cosy, inclusive, wholesome experiences for our players.
